

Global Special Project Group

Global Special Project Group is a focused consulting group that specialize in analyzing our client's products and services with the intent of visualizing new markets and new use cases while growing revenue. Our group will match and integrate your business with our partners and teammates to add value to your existing product. We expand a company's vision allowing them to have a more diverse offering and create proposals that show their expanded capabilities. Our core staff consist of Executive, Business Development, Law Enforcement, Military, Public Safety and Engineering professionals. Our group has a strategic focus in the areas of Military / Law Enforcement simulation, training, MOUT environments, Special Effects, Special Forces war fighter rehearsal and physical security. We are a Value Transformation Company, assisting executives and their business development teams in creating new revenue streams and executing the strategy. Global Special Project Group will assist in your business marketing and business development in the U.S. and the Americas, specializing in Brazil.

Global Special Project Group excels in strategy and execution, ultimately ensuring new market penetration and sales acceleration, investor/shareholder value, and operational excellence.

Global Special Project Group leverages change resulting from technology, economic or market shifts as a strategic weapon.
